**I. YES WAIVER PROGRAM OVERVIEW**

Background and History

The Health and Human Services Commission (HHSC) and DSHS received approval by the federal government in February 2009 to implement a 1915(c) Medicaid Home and Community-Based Services (HCBS) Waiver, called YES. The YES Waiver allows more flexibility in the funding of intensive community-based services and supports for children and adolescents, ages 3-18, with serious emotional disturbances (SED) and their families.

48

49 Texas strives to provide a continuum of appropriate services and supports for families  
50 with children who have severe mental illness. There are some instances in which parents  
51 have turned to state custody for care when they feel they have reached or exceeded their  
52 financial, emotional or health care support resources and are unable to cover the costs of  
53 their child's mental health treatment. The 78<sup>th</sup> and 79<sup>th</sup> Texas Legislatures directed  
54 HHSC to "develop and implement a plan to prevent custody relinquishment of youth with  
55 serious emotional disturbances," and authorized the request of any necessary waivers  
56 from the federal government. As a result, HHSC and DSHS developed the YES Waiver  
57 for three counties – Travis, Bexar and Tarrant. Following their success, in 2013, the 83<sup>rd</sup>  
58 Legislature directed the YES Waiver to expand statewide.  
59

### 60 Goals of the Waiver

  
61

62 The goals of the YES Waiver include:

- 63 • Reducing out-of-home placements and inpatient psychiatric treatment by all  
64 child-serving agencies;
- 65 • Providing a more complete continuum of community-based services and supports  
66 for children and adolescents with SED and their families;
- 67 • Ensuring families have access to parent partners and other flexible non-traditional  
68 support services as identified in a family-centered planning process;
- 69 • Preventing entry and recidivism into the foster care system and relinquishment of  
70 parental custody; and
- 71 • Improving the clinical and functional outcomes of children and adolescents.  
72

73 The objective of the YES Waiver is to provide community-based services in lieu of  
74 institutionalization.  
75

### 76 Service Areas & Capacity

  
77

78 The YES Waiver services will be provided in Bexar County, Texas. A maximum of 150  
79 children and adolescents (Waiver participants) will be served under the program at any  
80 given time.
