Dear Friend,

The Center for Health Care Services and The CHCS Foundation are excited to announce the **23<sup>rd</sup> Annual Behavioral Health and Wellness Conference**. The event is free to the public and will take place on **May 23<sup>rd</sup>, 2025**, at the Norris Conference Center.

For over two decades, the Bexar County Behavioral Health and Wellness Conference has connected people living with mental illness, substance use disorders, intellectual and/or developmental disabilities, and their loved ones, to important workshops, resources, and information. For these individuals, finding resources and gaining knowledge is vital to making a difference.

We are reaching out to inquire if you would be interested in becoming one of our valued sponsors. Your support would enable us to continue providing this impactful event. Please review the sponsorship packet for options, but any financial contribution is greatly appreciated.

The Behavioral Health and Wellness Conference offers workshop sessions from local subject matter experts, a resource fair with over 40 exhibitors, and an impactful keynote luncheon. Stay tuned for more details on our keynote speaker! The conference also provides CEU opportunities for professionals.

I hope you will join us in making our 23<sup>rd</sup> Annual Behavioral Health and Wellness Conference the most informative and resourceful event to date. Because of your support, we can make significant strides in enhancing the lives of both children and adults facing behavioral health challenges and intellectual disabilities. Thank you in advance for your time and consideration. Your commitment to this cause is deeply appreciated. By joining us, you contribute significantly to the well-being of our community.

For further details on sponsorship opportunities and other ways to engage, please reach out to Grecia Garcia, Conference Coordinator, at [grgarcia@chcsbc.org](mailto:grgarcia@chcsbc.org) or call 210-243-6452.

Kindest regards,

Jelynn LeBlanc Jamison  
President and Chief Executive Officer
