003 - BACKGROUND

The Bexar County Board of Trustees for Mental Health Mental Retardation Services d/b/a The Center for Health Care Services ("CENTER") is a multi-facility community mental health and intellectual disability center created under the authority of Section 534.001 of the Texas Health and Safety Code by its sponsoring agencies, Bexar County and the Bexar County Hospital District d/b/a University Health. The CENTER has been providing services to Bexar County residents experiencing mental health, intellectual developmental disabilities and/or substance use issues for over sixty (60) years and is the Texas Health and Human Services' designated Local Mental Health Authority for Bexar County, Texas. The CENTER is considered a quasi-governmental entity, a political subdivision of the state of Texas, but is not a Texas state agency. The CENTER'S administrative offices are located at 6800 Park Ten Blvd. Suite 200-S, San Antonio, Texas 78213.

004 - SCOPE OF SERVICES

The Center for Health Care Services ("CENTER") is seeking and accepting applications from qualified vendors ("APPLICANT," "PROVIDER," or "CONTRACTOR") capable of providing Intellectual Developmental Disability (IDD) Behavioral Support Services to CENTER-authorized consumers with an intellectual or developmental disability and an identified need for Behavioral Support Services as documented within the individuals' Person-Directed Plan(s) (PDP), as further defined in this Request for Applications ("RFA") document.

I. DESCRIPTION OF SERVICES

- A. The Behavioral Support Services (BSS) component of an individual's PDP Person-Directed Plan and the individual's Implementation Plan (IP) provides specialized interventions that assists an increase of adaptive behaviors to replace or modify maladaptive or socially unacceptable behaviors that prevent or interfere with the individual's inclusion in home and family life or community life.
- B. The BSS component includes assessment and analysis of assessment findings of the targeted behavior(s) so that an appropriate Behavioral Support Plan (BSP) may be designed. The behavioral support plan shall include:
 1. Development of an individualized Behavioral Support Plan consistent with the outcomes identified in the individual's PDP;
 2. Training of and consultation with family members and other support providers and, as appropriate with the individual, in the purpose/objectives, methods, and documentation of the implementation of the Behavioral Support Plan or revisions of the plan;
 3. Monitoring and evaluation of the success of the Behavioral Support Plan implementation; and
 4. Modification, as necessary, of the behavioral support plan based on documented outcomes of the plan's implementation.

II. SERVICE PROVISION

- A. All services shall be provided in accordance with the individuals' Person-Directed Plan(s), Implementation Plans, Individual Plans of Care (IPCs), and Appendix C of the Home and the Community-based Services (HCS) Program waiver application approved by Centers for Medicare and Medicaid Services (CMS), incorporated as ATTACHMENT C.
- B. **Behavior Support Plan Requirements and Expectations.** CONTRACTOR shall develop the Required Behavior Support Plan. The following should be included in the BSP:
 1. An operational definition for all targeted behavior.
 2. A baseline of the frequency and severity of the behavior that adequately reflects the individual's behavioral issues during a set time. There should be data sheets or observation notes documenting the frequency of targeted behaviors during the baseline period of at least one (1) month, unless the behavior frequency is extremely high, thereby permitting a shorter baseline. Severity rankings should meet the criteria specified by the Texas Health and Human Services Inventory for Client Agency Planning (ICAP) materials.
 3. A functional assessment (analysis) of the targeted behavior to identify the history of behavioral interventions that have been used, all attempts at less intrusive interventions, and when and under what

conditions the behavior occurs. This assessment should describe the hypothesized function of the behavior, which is the basis for the BSP interventions.

4. A specific objective to decrease or eliminate the targeted behavior or maintain replacement behavior must have been implemented, including a detailed description of specific interventions for the specific behavior. The BSP must clearly identify undesirable behavior and target its decrease or elimination. Exactly how staff are to respond to targeted behavior must be clear and simple enough that staff can verbally describe the procedure. Although positive reinforcement techniques are an essential component of all behavior programs, a program that focuses simply on teaching social behaviors is not sufficient if it does not give clear directions on what to do if the undesirable behavior occurs.
5. Progress notes must be based on data recorded about the defined behaviors and the interventions used in the BSP. There must be data sheets or progress notes that document every occurrence of the target behavior, unless otherwise specified by the program. The specifics regarding the incidents should be recorded (i.e., if the planned intervention was carried out or not and why, the individual's actions and the CONTRACTOR'S actions).
6. The Service Planning Team, including the individual or legally authorized representative (LAR) must agree to the BSP.
7. Any behavior management techniques involving intrusive interventions or restrictions of the individual's rights are required to be developed by a Behavioral Support Service Provider with input from the individual, his or her LAR, the program provider and any actively involved persons.
8. All appropriate consents must be obtained for restrictive practices. Texas Administrative Code (TAC) Restrictive practices include 1:1 supervision, as well as anything that impedes an individual from doing something they desire to do.
9. If a level of need (LON) increase is requested for another year, there must be evidence of progress or program modification. If the program is effective, the rate and/or severity of the behavior should decrease over time. In cases where the intervention primarily involves preventive actions by staff, the frequency of these preventive actions also should decrease over time. Note: the actual frequency of the behavior needs to be re-analyzed through a functional assessment, and the BSP must be modified as indicated. Regular evaluation of the BSP's effectiveness should occur at intervals specified in the plan. This evaluation must be more frequent than annually and consistent with the progress of the individual as well as problems in implementing the plan.

NOTE: Before implementing a plan designed to decrease undesirable behaviors, attempts should have been made to determine the effectiveness of other, less restrictive, less intrusive approaches. This could include activities such as modifying the environment, redirecting behavior, ignoring the behavior (extinction), etc. If such approaches prove ineffective, a functional assessment should be completed. This involves careful data collection and analysis of the conditions (time, location, during which activities, etc.) under which the targeted behavior occurs. Such an analysis might lead to a less intrusive method for managing behavior. In addition, purely positive reinforcement techniques might be attempted. These activities are most effective if done under professional consultation from a psychologist or behavior analyst.

- C. **Fading Plan Expectations.** Each restrictive practice must have a Fading Plan. A Fading Plan must be specific, usually reflecting a step-by-step plan, which results in the individual no longer receiving the restrictive practice.

Including a statement indicating the team will consider fading when “such and such” criteria are met” is not a sufficient Fading Plan.

1. The CENTER’S expectations for a reasonable Fading Plan for restrictive practices includes:
 - a. The plan to fade 1:1, if applicable, should be a part of the BSP. The Fading Plan is specific to the individual and based upon the life-threatening or dangerous behavior(s) for which the restrictive practice is in place.
 - b. The Fading Plan should be a gradual process that gives the individual time to adjust to the changes in supervision and enables them to experience the success they are achieving. Alternatively, fading can be set to be attempted routinely at a specific time and/or place and then expanded to other times/places.
 - c. Criteria are identified for expanding or generalizing fading to other times and/or places. Once a Fading Plan meets initial criteria, it should be expanded to other settings or times, continuing to fade restrictive practices.
 - d. Criteria for abandoning the Fading Plan or going back one step should also be specified. The criteria for going back to a restrictive practice must also be operationally defined or identified (i.e., what constitutes failure on a specific fading attempt).
 - e. The completion of the Fading Plan from a restrictive practice to a less restrictive level can be accomplished within the current BSP cycle.

APPLICANT shall provide the CENTER with said certificate and endorsement prior to the commencement of any work by the subcontractor. This provision may be modified by CENTER'S Sr. Director of Compliance & Systems Support, when deemed necessary and prudent, based upon changes in statutory law, court decisions, or circumstances surrounding a contract. Such modification may be enacted by letter signed by CENTER'S Sr. Director of Compliance & Systems Support, which shall become a part of the contract for all purposes.

As they apply to the limits required by the CENTER, the CENTER shall be entitled, upon request and without expense, to receive copies of the policies, declaration page, and all endorsements thereto and may require the deletion, revision, or modification of particular policy terms, conditions, limitations, or exclusions (except where policy provisions are established by law or regulation binding upon either of the parties hereto or the underwriter of any such policies). Center for Health Care Services
 Attn: Contracting & Procurement Division
 6800 Park Ten Blvd.
 Suite 200-S
 San Antonio, Texas 78213

APPLICANT agrees that with respect to the above required insurance, all insurance policies are to contain or be endorsed to contain the following provisions:

- Name the CENTER, its Board of Trustees, employees, and volunteers as additional insured by endorsement, as respects operations and activities of, or on behalf of, the named insured performed under contract with the CENTER, with the exception of the workers' compensation and professional liability policies;
- Provide for an endorsement that the "other insurance" clause shall not apply to the Center for Health Care Services where the CENTER is an additional insured shown on the policy;

- Provide advance written notice directly to CENTER of any suspension, cancellation, non-renewal or material change in coverage, and not less than ten (10) calendar days' advance notice for nonpayment of premium.

Within five (5) calendar days of a suspension, cancellation or non-renewal of coverage, APPLICANT shall provide a replacement Certificate of Insurance and applicable endorsements to CENTER. CENTER shall have the option to suspend APPLICANT'S performance should there be a lapse in coverage at any time during a contract. Failure to provide and to maintain the required insurance shall constitute a material breach of a contract.

In addition to any other remedies the CENTER may have upon APPLICANT'S failure to provide and maintain any insurance or policy endorsements to the extent and within the time required, the CENTER shall have the right to order APPLICANT to stop work hereunder, and/or withhold any payment(s) which become due to APPLICANT hereunder until APPLICANT demonstrates compliance with the requirements hereof.

Nothing herein contained shall be construed as limiting in any way the extent to which APPLICANT may be held responsible for payments of damages to persons or property resulting from APPLICANT'S or its subcontractors' performance of the work covered under a contract.

It is agreed that APPLICANT'S insurance shall be deemed primary and non-contributory with respect to any insurance or self-insurance carried by the CENTER for liability arising out of operations under a contract.

It is understood and agreed that the insurance required is in addition to and separate from any other obligation contained in a contract and that no claim or action by or on behalf of the CENTER shall be limited to insurance coverage provided.
